RARE SEMEN

from the most Historical Quality Genetics in the Breed.

MICHIFUKU (FB1615)

- Michifuku is known the world over as one of the top marbling Bulls. With over 12,000 carcass proofs he has long ago established himself as one of the benchmarks in the Wagyu breed.
- Michifuku has over *12,000 Carcass proofs. On the Australian grading system which ranges from 1-9, he has had 85% of all carcasses grade at 9+. 15% have graded at 7-9.
- 85% of all Michifuku carcass proofs graded above the highest grade obtainable on the Australian grading system.

\$200.00 USD per straw

SANJIROU (FB2501)

- Sanjirou is sired by Michifuku out of the most Famous female in the breed , Suzutani. The above results will show he produced 88% carcass progeny on F1 steers at 9+ on the Australian grading scale. 9 is as high as the Australian grading scale goes.
- Sanjirou is by far the best son of Michifuku. he has also produced the famous USA sire Michiyoshi.
- Sanjirou is proven out on over 7,000 finished steers. His carcasses have graded at 88% above 9+ (the highest obtainable grade on the Australian grading scale. his remaining 12% graded 7-9 range.

\$250.00 USD per straw

HARUKI 2 (FB1614)

- HARUKI 2 has become a renowned EBV Bull. He like Michifuku is sired by Monjiro. He is the sire of Shigesigetani and is noted for both marbling and growth.

\$250.00 USD per straw

SHIGESHIGETANI (FB2907)

- SHIGESHIGETANI is a half to SANJIROU, sired by the number one Female in the breed , SUZUTANI.

a bull noted for both top carcass production but significant size and length as well. he is sired by HARUKI 2.

- Fast becoming the most desired World K Bull , he has produced 30T who is currently one of the top rated AI sires in the USA.
- Shigesigetani is proven out on over 5,000 finished steers.
- On the Australian scale grading from 1-9 , he has proven out at 90% of all carcasses at 9+ (or above the highest grade).
- His remaining 10% of all carcasses graded 7-9.

\$300.00 USD per straw

YASAFUKU JR (FB5601)

- YASAFUKU JR is another stalwart from the World K Bull battery. Being later in the pipeline, he had fewer progeny carcasses for data purposes. However he has become very popular with foundation breeders. There are major breeders out there who have YASAFUKU JR ranked at number one, based on their accumulated breeding values.
- Many carcasses have sold in the 40% IMF ratio.

VERY LIMITED SUPPLY

\$250.00 USD per straw
