

## WAGYU SOUTH AFRICA / CERTIFIED WAGYU BEEF

### Conditions for the supply of Wagyu cattle to Morgan Beef feedlot

1) **Morgan will only accept animals that are part of the CWB protocol**

([www.wagyu.org.za/audit-manual](http://www.wagyu.org.za/audit-manual))

- Morgan will in no way allow animals that do not comply with the protocol. Your animals will not be unloaded from the truck;
- 2) Only oxen that have been castrated before 5 months as well as heifers will be accepted.
- If not castrated correctly, Morgan will get a veterinarian to castrate the animal at the farmer's expense (including labour);
- 3) At least 30 animals from a farmer to make up a paddock of 50-60 animals (must therefore be willing to share a kraal with other farmers) will be accepted
- 4) Upon arrival an entry weight will be taken.
- Wagyu usually stand in the feedlot between a year or two.
  - Morgan Beef will therefore provide weight to the breeder at least every 3 months.
  - At the request of the breeder, Morgan will weigh your animals monthly as soon as the animals are ready for slaughter..
- 5) Morgan will ensure that all animals follow the necessary protocol up to slaughter weight.
