

## ***Now for the first time commercially available***

Semen from this **“CURVE BENDER”** bull with **TOP 1%** EBVs on AWA Breedplan for Marbling, Marbling Fineness, all 4 Economic Indexes and TOP 5% for Carcass Weight. This **unique combination** of Fertility, Growth and Eye Muscle Area with a short Gestation Length as well as minimal Rump Fat is **exceptional** for the Wagyu breed.

This **spectacular** bull is the product of the careful pairing between the best genetic lines, including Michifuku F154 and Itosigenami G113. After **meticulous selection**, over several years and substantial progeny groups, S153 displayed **stunning** GEBV's and phenotypical traits.

S153 tested negative for all recessive genes.

***Limited semen of S153 is now offered by Stella Wagyu and Absolute Wagyu.***

## **STELLA ITOSHIGENAMI S153**
